Term
6

China – Place Study

Human and physical features in
China. Impacts of one child policy
today.

Sustainable School

Wildfires

Half
Term
4

Weather events in the UK & Australia
Biomes, Changing Climate Patterns
Physical and human features of Australia

Atmospheric Hazards

Half
Term
3

Climate Change

Causes and impacts and responses

Active Reading – Is
climate change the biggest
threat to humanity?

Links with Science – Global
Warming

Half Term 1

Coasts

Coastal processes

Landforms created by erosion and
deposition

Map skills and Fieldwork Opportunity

Coastal Zone

Links with Year 7 – Water cycle,
Erosion and transportation processes
and use of case studies

Units of Work

Assessment Points

Cross Curriculum Links

Key Knowledge & Skills

Active Reading

Fieldwork

Link to Key Stage 5

Links to Year 7 Topics
Flooding, Water Cycle
Erosion and transportation
Processes. Preparation for
Year 9 – Hazards and
Place Studies

Half
Term
5

Tourism

World and UK tourism.
Case Studies : Blackpool a
Benidorm and Ecuador

Assessment

Urban Rebranding

Half
Term
2

Water and Carbon
Cycle

Energy

Fossil fuels, renewable
energy and nuclear.

Active Reading – Hinckley
Point Nuclear Power Station

Assessment

Links with science – Nuclear
energy
